An old settlers' meeting is soon to be held at Mt. Pleasant, and both Hon. Carter Harrison and General Oglesby are expected to be present.

There was no police business yesterday, in fact there was very little of any kind of business. People seemed to be too much fatigued to even talk politics.

Will that part of our school law requiring attendance upon our public schools be carried out in this city? This is an important question to this community. Littering about the streets is a bad thing for boys and girls.

Ayer's Sarsaparilla is designed for those who need a medicine to purify their blood, build them up, increase their appetite, and rejuvenate their whole system. No other preparation so well meets this want. It touches the exact part. Its record of forty years is one of constant triumph over disease. d&w

The Lincoln Journal says if Dick Oglesby expects to carry Logan county, his icicle ways will have to melt. It appears that in his Lincoln home Governor Oglesby is not the whole-souled, genial man that people throughout the state believe him to be. A correspondent from the State Register from Lincoln, says that he has just learned the fact that he has lived there for two years, his acquaintance is limited to three or four families, and a few politicians.

The Democratic Club met at a delay at B. Stine's. d&w

The Pension Examining board met at Dr. Curtis' office yesterday, and examined two applicants for pensions.

Brick are being distributed along West Main street, for the new sidewalk, which are badly needed in several places.

The Athletics accept the challenge of the Unions for a game of baseball, to be played on the round house grounds on Wednesday next—August 13th. An interesting game is expected.

A couple of young men had a "scrap" on the corner of William and Water street last evening, which did not result very seriously, as one of them proved himself a better runner than a fighter.

We acknowledge the receipt of a complimentary ticket to the nineteenth annual exhibition of the Vigo Agricultural Society, to be held on the 8th, 9th, 10th, 11th and 12th of November. Mr. W. H. Dunnean, the efficient secretary, will please accept our thanks.

For its soothing and grateful influence on the scalp, and for the removal and prevention of dandruff, Ayer's Hair Vigor has no equal. It restores faded or gray hair to its original dark color, stimulates the growth of the hair, and gives it a beautiful, soft, glossy and silken appearance. d&w

The Athletic Base Ball Club—formerly the High School Nine—will leave this morning for Cairo, Illinois, to play a game with the Mutuals of that city. Jo. O'Brien, formerly captain and pitcher of the Decatur Unions, has accepted the position of change pitcher for the Athletics for the remainder of the present season.

Harry Gillis and Charlie Mallett went out hunting plover yesterday, and claim to have had splendid luck. They relate a thrilling account of an encounter they had with an English Sparrow, and how they miraculously escaped with their lives, but they are silent on the experience they had with an old cow. Lew Hart has a correct engraving of the manner in which they acted, and will be pleased to exhibit it to any one who will call on him.

Mrs. J. D. Shaffer, and daughter Edith, of Springfield, who have been visiting Mr. and Mrs. R. L. Perry, returned home yesterday afternoon. On Tuesday, from 3 till 5 o'clock, Miss Edith gave a party at her grand-parents' residence, which was attended by twenty or thirty of her young Decatur friends. A delicious supper was served for them, and a merrier time was never enjoyed. Several pretty presents were bestowed upon the little hostess.

An insignificant roll of paper lay on the counter in County Clerk Hart's office yesterday afternoon, but it attracted more attention and created more amusement than a clown in a circus. Every person who entered the office picked the bundle up and unfolded it, and then they would immediately commence kicking their selves and wish they had not been so meddling, for no sooner would they get it undone than a hideous looking contrivance would flop around their face and cause them to execute a war dance and paw around with their hands as if they were being attacked by bumble bees. A moment's reflection shows the supposed bug to be two pieces of paper twisted up in a strong rubber band. It is needless to say that the item-hungry reporters "bit."

Odd Fellows' Picnic.

The picnic given yesterday in Lockhart's grove, near Niantic, by Lodge No. 318 I. O. O. F., of that prosperous little city, was a grand success in the fullest and broadest meaning of the word, and will ever be remembered by those who participated in it. Visiting brethren were present from Blue Mound, Watonsburg and this city, which was represented by Uniform Degree Camp No. 26, arrayed in their handsome regalia, and headed by Goodman's band, and members of the subordinate lodges. While at the picnic Uniform Degree Camp gave an exhibition drill to the admiration and satisfaction of all who witnessed it. Excellent music was furnished by Goodman's and the Niantic band. Dinner was served on tables in the grove, prepared for that purpose, and was partaken of with a keen relish and with such unmistakable generosity, that the ladies who prepared it could not but feel satisfied that their efforts at that direction were duly appreciated. At two o'clock Hon. John H. Oberly, of Bloomington, who is a prominent member of the order in this state, delivered an excellent address to the Odd Fellows and their friends, which commanded the attention and elicited words of approval and applause. In the evening a social dance was given in the grove, a platform having been erected for the purpose. The grove was brilliantly illuminated and for many hours the young and old people tripped the light fantastic toe to the delightful music of the Niantic Orchestra. The committee who had charge of the picnic can rest assured that it afforded unalloyed pleasure to those who attended.

An Important Arrest.

A few weeks ago it will be remembered that a woman or man abandoned a bright baby, which they left in the rear of W. H. Egan's house, on Eldorado street. It was shortly afterwards found by Officers Helmick and Cole, and was adopted by a couple who desired to raise it as their own. The officers were positive of having a good clue to the parents of the child, but were prevented from working the case up as rapidly as they would have liked to. On the night the baby was abandoned, Officer Helmick saw a woman dismount from the Wabash train, which arrives here about 10:30 from St. Louis, bearing in her arms a baby and accompanied by a small boy. After finding the baby, he and Marshal Mason commenced work on the case, and soon found that the woman had hired a buggy at one of the livery stables on the following day, and left with her boy. They concluded she was the guilty party and yesterday swore out a warrant for her arrest, which charges her with abandoning her child. In company with Deputy Sheriff Manzy, the officers drove to the farm of D. C. Brook, about ten miles northeast of here, and arrested the woman whose name is Betty Stes. Brooks was also arrested as an accomplice in the affair. The woman has been keeping house for him, and the officers are positive that she is the guilty party. They both gave bond in the sum of \$200 for their appearance on the 13th, and were released from custody. It is thought that the accused woman gave birth to the child in St. Louis, and then came direct to this city. The offense with which she is charged is only punishable by fine, but the arrest may lead to something more than what she is now charged with.

Booke His Leg the Third Time.

Early in June, Ed. Willis, while driving a team through a piece of woods near this city had a run away, and in the fall he received a broken leg in two places. He got along very well until the fourth of July, when he was out of the house for the third time after the accident. In playing with a companion, he lost his balance and in the fall broke the same leg in the place where it was broken before. On Tuesday he was down town, having recovered the second time sufficient to hobble about on crutches. In going home he crossed a neighbor's yard, and caught his foot in a croquet arch, which threw him violently to the ground, and by which the leg was again broken as before. He was attended by Dr. Weston, who hopes to bring him through all right. Ed's many friends will be pained to hear of the misfortunes he has met with.

Died From His Wounds.

Andrew Westerwizki, the Polisher, who attempted to board the caboose on a Wabash gravel train on Tuesday, and fell under the wheels, died from the effect of his wounds yesterday morning at Mary Smith's boarding house on Cairo Gordo street. The condition of the unfortunate fellow was left in has caused considerable indignation. After being injured he was placed on a board, and carried to the boarding house named, and covered over with a rough quilt. A pillow was placed under his head and a quilt underneath him, and in that condition he was left until yesterday morning when death kindly relieved his sufferings. His pants legs had not been removed from his maimed legs and the appearance indicated that very little had been done to ease his last hours. The body was taken in charge by an undertaker yesterday, and prepared for burial, which will probably take place to-day. It was placed in the vault at the cemetery yesterday. It appears that Westerwizki was friendly.
